

HEAVY DUTY MOISTURE METER

Fast, Accurate, Wood Moisture Measurements with Built-In Self-Calibration

The Heavy-Duty Moisture Meter offers fast, accurate, wood moisture measurements with built-in self-calibration. This unit features built-in self calibration with manual temperature compensation adjustment, and built-in RS-232 serial interface for connection to a PC. It displays wood moisture content from 9% to 30% with a 0.1% resolution and its memory contains 9 material groups including calibrations for approximately 150 species of wood. Comes complete with 2 pin moisture probe, 40" cable, 10 spare pins, protective holster, and 9V battery.

FEATURES:

- Super large 1.4" (36 mm) LCD display
- Displays wood moisture content from 9% to 30% with a 0.1% resolution
- Memory contains 9 material groups including calibrations for approximately 150 species of wood
- Built-in self calibration with manual temperature compensation adjustment
- Record/Recall minimum/maximum readings
- Data hold plus auto shut off
- Built-in RS-232 serial interface for connection to a PC
- Complete with 2 pin moisture probe, 40" cable, 10 spare pins, protective holster, and 9V battery

SPECIFICATIONS:

- Range/accuracy (%rdg + digits): 9% to 30%, +/- (4% +5d @ 9% to 24%)
- Resolution: 0.1%
- Sampling time: 0.8 second
- Manual Temperature Compensation: 32°F to 122°F (0°C to 50°C)
- Dimensions/Weight: Meter: 7" L x 2.9" W x 1.3" D / 12.3 oz (180 mm x 72 mm x 33 mm) / (350 g)
Probe: 0.9" D x 6.5" L (23 mm x 165 mm)
